Hudson 16

4 | 2 | 2

Combining luxury with spacious family living areas, this home is welcoming from the Entrance right through to the amazing outdoor undercover alfresco area which opens up from the Kitchen and living areas.

This elegant layout 'Hudson 16' offers a large lounge/media room, kids activity retreat, 4 larger bedrooms with built in robes and the master bedroom containing a generous walk in robe and spacious ensuite.

The butlers pantry will not disappoint with an abundance of storage and an access point straight from the garage.

Our focus is on building quality homes that offer true value for money.
